

ICCA STROKE 2017 SCIENTIFIC PROGRAM

FRIDAY, MARCH 24TH, 2017

07:00 – 18:00 **Registration**

07:50 – 08:05 **Welcome and introduction**

Moderator: Bagrat Alekryan, MD

08:05 – 09:30 **Session 1: Carotid stenting**

Moderator: Iris Grunwald, MD / Omer Goktekin, MD

Panelist: Panagiotis Papanagiotou, MD / Horst Sievert, MD / Bagrat Alekryan, MD / Vladimir Krilov, MD

New clinical trials

Speaker: Stefan Bertog, MD

The optimal time for carotid stenting after stroke

Speaker: Klaus Fassbender, MD

Which carotid stents are available?

Speaker: Kolja Sievert

Advantages and disadvantages of the currently available embolic protection devices

Speaker: Bernhard Reimers, MD

Double protection with the PALADIN device: concept and new data

Speaker: Ivo Petrov, MD

Acute carotid occlusions presenting with stroke

Speaker: Naveed Akhtar, MD

Management of distal ICA and intracranial stenoses

Speaker: Panagiotis Papanagiotou, MD

Discussion

09:30 – 10:00 **Coffee & tea in the industry exhibition**

10:00 – 10:45 **Session 2: Getting access to the carotids and carotid stenting step by step**

Moderator: L. Nelson Hopkins, MD / Stefan Bertog, MD

Panelist: Iris Grunwald, MD / Shailesh Gaikwad, MD / Anatoliy Pokrovskiy, MD / Prokhor Pavlov, MD

Getting access step by step

Speaker: Iris Grunwald, MD

Carotid stenting step by step and advanced tips and tricks

Speaker: Iris Grunwald, MD

My most challenging case of carotid stenting

Speaker: Panagiotis Papanagiotou, MD

Discussion

10:45 – 11:45

Symposium: CGuard Embolic Prevention Stent System - A new paradigm in carotid stenting

Moderator: Horst Sievert, MD / Piotr Musialek, MD

Panelist: Bernhard Reimers, MD / Ivo Petrov, MD / Christian Wissgott, MD / Sergey V. Volkov, MD

CGuard Embolic Prevention System (EPS) – Routine use in carotid revascularization for stroke prevention

Speaker: Piotr Musialek, MD

Clinical results and mechanical properties of a Novel Dual Layer carotid stent

Speaker: Christian Wissgott, MD

CGuard challenging cases

Case 1

Speaker: Ivo Petrov, MD

Case 2

Speaker: Sergey V. Volkov, MD

Case 3

Speaker: Bernhard Reimers, MD

Discussion

11:45 – 12:45

Session 3: What you need to know about acute stroke interventions

Moderator: L. Nelson Hopkins, MD / Stefan Bertog, MD

Panelist: Omer Goktekin, MD / Bagrat Alekyan, MD / Dmitry Kandyba, MD / Alexey Protopopov, MD

Stent retrievers: do the design differences influence efficacy?

Speaker: Iris Grunwald, MD

Sedation and general anesthesia in acute stroke patients: what is special?

Speaker: Ian Ewart, MD

Intracranial vascular anatomy - What you really need to know for acute stroke interventions

Speaker: Maria Politi, MD

Acute stroke intervention step by step

Speaker: L. Nelson Hopkins, MD

Antiplatelet therapy in acute stroke interventions

Speaker: Johann Kulikowsky, MD

Peri - and post interventional stroke management

Speaker: Klaus Fassbender, MD

Discussion

13:00 – 13:50 **Lunch session and simulator training with SIMBIONIX: Interactive treatment session on a simulator**

Moderator: Iris Grunwald, MD

Case history presentation

Speaker: Kolja Sievert

Vascular simulator training

Speaker: Iris Grunwald, MD

14:00 – 14:40 **Session 4: Results of acute stroke treatment**

Moderator: Iris Grunwald, MD / Panagiotis Papanagiotou, MD

Panelist: Piotr Musialek, MD / Alexander Savello, MD

The role of IV lysis in major cerebral vessel occlusion

Speaker: Stefan Bertog, MD

Stroke trials: MR CLEAN, ESCAPE, EXTEND-IA, SWIFT-PRIME

Speaker: Iris Grunwald, MD

Performance indicators that should be evaluated: monitoring of effectiveness of stroke center and our curriculum

Speaker: Alexander Savello, MD

Discussion

14:40 – 15:35 **Session 5: Case examples of carotid stenting and acute stroke interventions**

Moderator: Iris Grunwald, MD / Bagrat Alekyan, MD

Panelist: Panagiotis Papanagiotou, MD / Dmitry Kandyba, MD / Kirill Orlov, MD

Challenging case of acute stroke intervention

Speaker: Naveed Akhtar, MD

A case of acute stroke due to carotid stenosis

Speaker: Maria Politi, MD

Complex carotid stent case

Speaker: Piotr Musialek, MD

Challenging stent case

Speaker: Shailesh Gaikwad, MD

Discussion

15:35 – 16:00 **Coffee & tea in the industry exhibition**

16:00 – 17:55 **Session 6: How to select appropriate patients for acute stroke interventions**

Moderator: Iris Grunwald, MD / Antonio Moreno, MD

Panelist: Alexey Protopopov, MD / Alexander Savello, MD

The spectrum of clinical symptoms in patients undergoing acute stroke interventions

Speaker: Annie Chakrabarti, MD

Advanced imaging techniques in acute stroke patients

Speaker: Iris Grunwald, MD

The one-stop shop: Imaging in the cathlab

Speaker: Ian Ewart, MD

Evidence for advanced imaging and collateral imaging for acute stroke management

Speaker: Iris Grunwald, MD

Interactive case-based training in patient selection

Speaker: Panagiotis Papanagiotou, MD

Discussion

SATURDAY, MARCH 25TH, 2017

07:00 – 18:00 **Registration**

07:00 – 08:00 **Poster session**

Moderator: Iris Grunwald, MD / Omer Goktekin, MD / Stefan Bertog, MD

08:00 – 09:35 **Session 7: How to organize an acute stroke center**

Moderator: Iris Grunwald, MD / L. Nelson Hopkins, MD / Bagrat Alekryan, MD

Panelist: Horst Sievert, MD / Omer Goktekin, MD / Ian Ewart, MD / Peter Lanzer, MD / Alexey Protopopov, MD

Our rapid stroke pathway in:

- New Delhi

Speaker: Shailesh Gaikwad, MD

- Istanbul

Speaker: Omer Goktekin, MD

The first steps in Moscow

Speaker: Dmitry Skrypnik, MD

The drip and ship concept

Speaker: Adnan Siddiqui, MD

How to involve cardiologists in Europe?

Speaker: Peter Lanzer, MD

How to bring the right patient to the cathlab – The Mobile Stroke Unit

Speaker: Klaus Fassbender, MD

How to organize the acute stroke care system on the platform of existing STEMI network?

Speaker: Alexey Protopopov, MD

The neuro-cardiology cooperation in Dakota, USA

Speaker: Alexander Drofa, MD

The Buffalo curriculum

Speaker: Adnan Siddiqui, MD

Round table discussion: how to train acute stroke interventionists

Speaker: Panagiotis Papanagiotou, MD / Klaus Fassbender, MD / Adnan Siddiqui, MD / Peter Lanzer, MD / Alexander Savello, MD / Alexander Shpektor, MD

Training standards according to the World Federation of Interventional Stroke Treatment (WIST)

Speaker: Iris Grunwald, MD / Adnan Siddiqui, MD

09:35 – 10:00 **Coffee & tea in the industry exhibition**

10:00 – 11:55 **Session 8: Abstracts and cases**

Moderator: Horst Sievert, MD / Peter Lanzer, MD

Panelist: Piotr Musialek, MD / Stefan Bertog, MD / Bagrat Alekryan, MD / Alexey Fedorchenko, MD

A case of basilar artery stroke

Speaker: Andrius Berukstis, MD

Acute stroke in a young male patient

Speaker: Deonis Pashkovskij, MD

Tactical decisions depending on time of symptoms onset: can we safely move beyond therapeutic window

Speaker: Dmitry Kandyba, MD

Endovascular treatment of patients with ischemic stroke (single center experience)

Speaker: Dmitry Gromov, MD

Longer working length of the Solitaire retrieval device improves revascularization

Speaker: Naveed Akhtar, MD

Basilar artery thrombectomy 24 hours after the onset of symptoms

Speaker: Dmitry Kislitsyn, MD

Application of the Casper stent in the treatment of pathologies of the carotid arteries

Speaker: Kirill Orlov, MD

Discussion

11:55 – 13:15 **Session 9: My most challenging acute stroke case**

Moderator: Horst Sievert, MD / Adnan Siddiqui, MD

Panelist: Piotr Musialek, MD / Ivo Petrov, MD / Dmitry Kandyba, MD / Alexey Protopopov, MD

Case 1

Speaker: Michail Volodyukhin, MD

Case 2

Speaker: Panagiotis Papanagiotou, MD

Case 3

Speaker: Adnan Siddiqui, MD

Case 4

Speaker: Omer Goktekin, MD

Case 5

Speaker: Anton Belyi

Discussion

13:30 – 14:40 **Lunch session: Training session with MENTICE: Interactive treatment session on a simulator**

Moderator: Iris Grunwald, MD

Optimising the stroke pathway for intervention

Speaker: Iris Grunwald, MD

Case history presentation

Speaker: Stefan Bertog, MD

The Solitaire stent retriever cases presentation

Speaker: Karlis Kupcs, MD / Helmut Kidikas, MD

Vascular simulator training

Speaker: Iris Grunwald, MD

14:40 – 15:45 **Yes, I had disastrous complications during acute stroke interventions!**

Moderator: L. Nelson Hopkins, MD / Adnan Siddiqui, MD

Panelist: Ivo Petrov, MD / Bagrat Alekryan, MD / Alexander Savello, MD

Case 1

Speaker: Adnan Siddiqui, MD

Case 2

Speaker: Adnan Siddiqui, MD

Discussion

15:45 – 16:10 **Coffee & tea in the industry exhibition**

16:10 – 17:25 **Session 10: Exam and discussion of the results**

Moderator: Iris Grunwald, MD

17:25 – 17:30 **Closing remarks and thank you**

Moderator: Iris Grunwald, MD / Bagrat Alekryan, MD
